The Monastery Architecture in Epirus (1450/1913)

by F.Salters

Abstract: The present work is focused on an analysis of the Monastery monuments and of their architecture from 1430 to 1913. The research paper is concentrated also on differences and the evolution of architecture in Epirus from the modern period to the first part of 20th century.

Key words: Monastery architecture, Epirus, Greece
