The perfumes as a type of art works

by T.RODIN

Abstract: The perfumes are not only objects for aesthetic appreciation but also considered as works of art in the present work. The present work defines perfumes as works of art giving many definitions as we can see in the works of Nick Zangwill's, Jerold Levinson's and Dominic Lope's. Are perfumes essential elements of a full appreciation?

Key words: perfumes, aesthetics, contemporary art, appreciation of art.
